Training of the Vocational Teachers/ Trainers

Vocational courses are conducted with the help of Vocational Teachers or Vocational Trainers as well as Guest Faculty or Experts. The qualification for the Vocational Teachers/Trainers varies with the vocational courses. The State/Union Territory engages Vocational Training Providers (VTPs) through Memorandum of Understanding (MoU) for implementation of vocational education programme at the secondary and higher secondary stage. Vocational Teachers /Trainers need to plan activities for classroom teaching and practical techniques of teaching/training and also assessing and evaluating students during the course of study, both inside and outside the schools. Induction training programmes of at least 10 days duration are organised by the States/UTs for all the selected Vocational Teachers/Trainers. In-service training programmes of 5 days on vocational pedagogy, subject content, and other related aspects of vocational education are organised by the PSS Central Institute of Vocational Education and State Education Departments for preparing Vocational Teachers/Trainers on the application of system, procedural and strategic knowledge.
