5. Issues and Challenges

- a. Course content

Course Title	Issues	Status (Resolved/ Unresolved)	Remarks (If resolved how it was resolved)
			A copy of the Course as provided by NCERT was made

b. Technical

S.No	Issues	Status (Resolved/ Unresolved)	Remarks (If resolved how it was resolved)
1	Course Progress Synchronization	Resolved	Through DIKSHA team
2	Non-Issuance of Certificates even after 100% course completion as well as scoring 70% or more	Resolved	Through DIKSHA team

c. Any other

S.No	Issues	Status (Resolved/ Unresolved)	Remarks (If resolved how it was resolved)
1	Course Report from DIKSHA portal – Doesn't provide option to filter data NVS wise	Unresolved	

6. Best Practices

Monitoring of the progress at different levels viz. JNV/Cluster/Regional Office/ HQ level.

Since, the Reports generated from DIKSHA doesn't give the option to filter data on the basis of Organization Name, therefore, the Collection of Courses Completion Reports is done from the JNVs through JNV level Coordinators & Consolidation at Cluster & RO level.

7. Key Learnings

NISHTHA Online courses have developed a better look around of the key areas of the NEP-2020.

Many teachers have also completed the Courses in NISHTHA Elementary, so these courses are working like a refresher course for them.

Participants have become more involved & serious as scoring 70% or more in the courses assessment is the criteria for receiving the Certificates.

8. Suggestions

A provision should be made available to filter the Course Progress exhaust Report. Course Progress Synchronization & Certificate issuance should be done without major delay. Participants have suggested for the option of displaying the correct answer of the assessment questions after the assessment.

9. Conclusion

Approximately 90% of the registered participants were able to complete the Courses. On an average 72% of the registered participants were able to score 70% or above and get Certificate of Completion for the courses.

Although the target to be achieved is 100%.
